

Think Globally, Act Locally

Watch Your Donation make a Difference

A sense of pride: in our community, our environment, our neighbors and friends, in the place that we all love to call home. It's contagious, you know.

The Clean Community System maintains strong ties with city, county and state so we can help and effect change within the community.

Our programs reach all of Santa Rosa County, from the southern beaches to the woodlands in the north.

We offer expertise, referrals and explanations to newcomers and established residents and businesses.

Our programs are aimed at making our community a better place to live, work and play.

We are, indeed, a grassroots program. Join us. Show that you care about what direction our community is going, and you want to be part of it.
